

APPENDIX B

Quality and Environmental Policy

The management of Nexus Creative are committed to:

Meeting customer requirements with product that is fit for their purpose. Further, it is the aim of the Company to supply and install faster and neater than the competition to the satisfaction of the Customer.

Providing customers with high quality installations and services which fulfil their specific needs for operating the business to the systems required by ISO 9001: 2008 and ISO14001 2004.

Promoting the culture of Continuous Quality Improvements and the philosophy of getting things "right first time".

Rigorously controlling the supply, installation, commissioning and completion of all projects.

Promoting the quality and environmental management systems and ensuring implementation is achieved by internal auditing, management reviews, corrective and preventive action.

Working to achieve quality and environmental objectives as agreed by the directors and which are monitored on an ongoing basis and reviewed at the management review meetings.

Complying with all the environmental legal and other requirements

Carrying out an environmental aspect audit against all the relevant laws and regulations detailed in Appendix G and regularly reviewing this audit focussing on those areas with the highest impact factors with the objective of continually reducing these impacts.

Preventing any form of Pollution by ensuring that emergency procedures are in place to contain any spillages and ensuring that all staff have been trained to carry out these procedures.

Ensuring that all waste paper, packaging, and materials arising at the company premises are recycled.

Working with suppliers and contractors to help ensure that they are meeting the requirements of the Environmental regulations and laws.

Where practical using energy efficient lighting in the office and eliminating unnecessary power consumption by switching off all office equipment when the office is not in use.

Endeavouring to dispose of redundant office equipment through companies that refurbish/recycle office equipment whenever equipment is upgraded or replaced.

The Directors have appointed a Quality Associate who has the responsibility for monitoring , maintaining and updating the management systems.

**Colin Foxall
Director**

This Policy Statement is available on the Nexus Creative web site for access by the general public and all interested external bodies.
